A registered nutrition professional with a solid research background, industry experience and a teaching portfolio. I am interested in developing a career which combines teaching and research, while maintaining my interest in public engagement with nutrition and the wider STEM field.

Education

Liverpool John Moores University (2020-2023)

PhD

NHS/LJMU funded research titled 'The role of parents and schools in the nutritional choices made by children aged 10-14' (Abstract in Appendix 1). Joint supervisors: Professor Alison LaMotte, Department of Nutrition and Food, LJMU and Dr Henling Strauss, Professor of Paediatrics, Chester University Hospital.

University of Nottingham (2017-2020)

BSc Nutrition and Food Science

Modules included nutrition and the health of populations, trends in food research and nutrition, metabolism and disease. Final-year project on 'Food flavourings - physical and psychological effects on children' based on research carried out through a Nutrition Society Summer Studentship.

Notts County High School (2010-2017)

A-levels: chemistry, biology, geography. AS-level maths.

8 GCSEs including English language and English literature.
